

## Maths Year 12

Following on from your recent assessments you have now been given a topic list linking to the integral website <https://my.integralmaths.org/>

This website is an invaluable resource to support your studies. On it you will find several different useful parts for you to use, for example,

### Learn

-  Interactive book: The quadratic formula
-  Notes and examples
-  Walkthrough: The quadratic formula
-  Video: The quadratic formula and the discriminant (8 mins 28 secs)

---

### Develop

-  Skill pack: The quadratic formula
-  Exercise level 1
  -  Exercise level 1 solutions

---

### Progress

-  Crucial points
  -  Exercise level 2
  -  Exercise level 2 solutions
  -  Test Q2
    -  Section test solutions
- Restricted** Not available to students unless: You achieve a required score in **Test Q2** (hidden otherwise)

---

### Extend

-  Exercise level 3 (extension)
  -  Exercise level 3 solutions

As a minimum you need to complete all the interactive Progress tests from all three courses.

Edexcel AS Pure  
Edexcel AS Stats  
Edexcel AS Mech

This can then be monitored by your Maths teachers.
